SUMMARY

To secure a Software Developer role that allows me to apply my programming expertise, problem-solving abilities, and passion for technology to design, develop, and optimize reliable software systems.

SKILLS

- React.js, Next.js for front-end and user interface development; Node.js and Express.js for backend development.
- Proficient in C, C++, Python and JavaScript as programming languages.
- Strong understanding of Data Structures & Algorithms and Object-Oriented Programming (OOPs).
- MongoDB for efficient and reliable data management.
- Familiar with GitHub, VS Code, Tailwind CSS, MS Office (Word, Excel, PowerPoint), Networking, Windows Operating System.

EXPERIENCE

- **Software Developer Trainee | Centre of Advance Computing**
  Sep 2025 – Feb 2026
  - Contributed to UI/UX design, responsive layouts, and API integration.
  - Improved application performance and SEO using modern development practices.

PROJECTS

- Grocery App (React JS, Tailwind CSS) Link
  - Developed a responsive Grocery App for online ordering of fruits, vegetables and daily essentials.
  - Implemented product listing, search, and shopping cart functionality.

- Snake Game (HTML, CSS, JavaScript) Link
  - The Snake Game is a classic arcade-style game where the player controls a snake that moves around the screen to collect food.
  - Each time the snake eats food, its length increases, making the game more challenging as space becomes limited.

- E-commerce App (React JS, Tailwind CSS) Link
  - Developed a responsive e-commerce web interface for browsing and purchasing products.
  - Implemented product listing, search, filter, and shopping cart functionality.
